

The Detangling the Spaghetti Ball Award

In recognition of Outstanding Service to the LEP Community and the Interpreter Profession

Interpreting...it's like trying to detangle a spaghetti ball...not easy to do, not easy to define.

This Award began in 2014 with our first Ramp UpSM the Conversation conference as a way to celebrate the professional interpreter. Please nominate an interpreter or service provider who has made a positive impact on the LEP community and has demonstrated commitment to serving as a change agent in the field of interpretation. Attendance at the annual conference is **NOT** a requirement for selection.
